

DATA SHEET

ELITE CLEAN – ULTRA

Carbon Elite Clean - ULTRA cleans floors by cutting through dirt, grime, and residue through reactive Nano-Lithium® technology and is an integral part of the Carbon EliteFloor Maintenance System. This cleaner also hardens, protects, and restores gloss and durability to the cleaned surface. Adding Elite Clean - ULTRA to your floor care program increases the floor's longevity, reducing maintenance and costly repairs. This product is ideal for cleaning domestic, commercial, retail, industrial and all heavily trafficked polished concrete surfaces. Additionally, it enhances and restores dulled floors, setting it apart from conventional cleaners.

Carbon Elite Clean - ULTRA helps prevent marking, scuffing, and scratching if used on a regular basis, reducing the frequency of routine buffing and burnishing. It also extends the intervals between deep cleaning or restoration processes.

KEY BENEFITS

- Easily removes dirt and other surface soils
- Reduces the need for periodic buffing or burnishing
- Helps resist scuffing, scratching, and water spots
- Amplifies overall gloss and clarity with Nano-Lithium® technology
- Leaves no residue that will dull or damage a floor or finish
- Highly Concentrated Formula

APPLICATION

BEFORE APPLICATION, ALWAYS DO A SMALL TEST SAMPLE IN A LESS-VISIBLE AREA TO BE SURE THERE ARE NO VARIABLES OR CONTAMINANTS IN THE SUBSTRATE THAT MAY BE INCOMPATIBLE WITH THIS PRODUCT.

Sweep or vacuum to remove loose materials from the surface to be cleaned.

This product is concentrated for use with an automatic floor scrubber. Use soft brushes/ soft pads. Never use aggressive brushes or pads on polished concrete.

Dilute at a 450:1 ratio.

For small area use, dilute 20mL (0.7 oz) to 9L (2.4 gallons) of fresh water. For auto floor scrubbers, add 120ml (4 oz) per 57L (15 gallons) to the automatic floor scrubber water tank.

For routine cleaning, scrub the floor with the squeegee down and vacuum / squeegee engaged.

For deep cleaning, apply the cleaner and scrub floor with the brushes/pads engaged, but the vacuum/squeegee up. Allow product to sit on the surface without drying for 15 to 20 minutes, then scrub again with the brushes on and the vacuum/squeegee engaged. Add additional cleaner as necessary.

After cleaning, buff the floor with a white or tan burnishing pad to increase shine.

CLEAN UP

Clean tools and equipment with clean water.

MAINTENANCE

Daily cleaning with Carbon Elite Clean and periodic deep cleaning with Carbon Elite Clean - ULTRA is recommended to prolong the life of your surface. Consult a Carbon Diamond Abrasives Representative for further information.

SAFETY/HEALTH INFORMATION

KEEP OUT OF REACH OF CHILDREN.

Do not drink. If swallowed, do not induce vomiting; drink two glasses of water and call a physician.

Wear goggles and gloves. If splashed in eyes, rinse eyes immediately with clean water and call a physician if irritation persists.

CAUTION: Surfaces wet with Carbon Elite Clean may be slippery. Additional precautions, safety information and first aid treatments are contained in the Safety Data Sheet.

LIMITATIONS

May not remove some embedded stains. Never use aggressive brushes or pads on polished concrete. Make certain the most current versions of the Carbon Elite Clean Product Data Sheet and SDS are being used. Proper application is the responsibility of the user.
